

Below is a summary of our Mission Investment Plan for 2010. Please take time to read through it. We believe it allocates our resources in such a way that we can serve you SO THAT you can serve others as God directs you.

Extension Ministries

The Bible teaches us that part of managing the resources that God gives us is to give some back to God. We do that by sharing with those in need, and by supporting efforts to share the message of God's love with the world. 10% of all the offerings we receive are given to organizations that help the poor, the hungry, the homeless, and that share the message of Jesus.

Children & Family Ministry

Our mission for Children and Family Ministries here at Faith Lutheran Church is to...Partner with Parents to Change the lives of children through the power of Jesus so that children know Jesus, learn Jesus, share Jesus, and apply Jesus in their lives. Through our Sunday School, OAK (Outreach Arts Camp) and Preschool programs, we demonstrate the high priority that we place on children and their families with creative programs and formats to encourage building and exploring their relationships with Jesus.

Youth Student Ministry

Our mission with pre-teens, teens and young adults encourages exploration of the numerous aspects of God, commitment through discipleship and placing Him in the center of today's realities and circumstances. Several new programs will provide the foundation for this ministry.

Spiritual Growth - worship, connecting and equipping ministries

Our mission of changing lives through the power of Jesus happens in and through all of us. To expand our ability to live out the mission, we encourage everyone at Faith Lutheran Church to grow spiritually through worship, participation in a small group, and by giving of our selves in service to others inside and outside the church. We talk about that by saying that we are a **SO THAT** church – we come together to learn and grow in our relationship with God **SO THAT** we have what we need to be the hands and feet and voice of Jesus in our everyday lives.

Adequate Space & Facilities

Our completed facilities have included include more space for children and adult education and improvements to better support our worship life and our ability to **change lives through the power of Jesus**. Maintaining and protecting this investment is an important piece of our investment plan.
